[20:03] <skooma_dealer> i hate people too
[20:04] <kozatof> @darksydephil By this Bane means that he was a nobody until he took on the persona of Bane, the reputation that surrounds him is what has made him infamous. The "mask" is not the respiratory device that pumps him full of painkillers, the mask is his image as a dangerous individual known the world over for his exploits. From this we can draw parallels with Bruce Wayne and Batman, the mask is an important theme throughout.
[20:04] <travisvincent> I'm an orphan so Christmas stinks for me
[20:04] <captcaveman4201> phil buy the track suit lol \$5
[20:04] <minnowpause> bugged visial mechanic s

[20:04] <kozatof> @darksydephil If I remove the mask, if I expose you as nothing more than a man will it destroy the essence of what you are?
[20:04] <skooma_dealer> @Lightkun1988 <3
[20:04] <kozatof> @darksydephil It would be a traumatic experience to abandon what I am, an existential crisis of sorts that would be difficult to recover from.

[20:05] <kozatof> @darksydephil For you I am an important person, you are an agent of the CIA who has been actively hunting me. Our importance to somebody, our stature, our largeness is defined by the effect we have on them. To the average person Bane is not a "big guy", but to this agent he is large indeed.
